

Shelton Services Holds Grand Opening of its Port Arthur Facility

PORT ARTHUR, Texas — Shelton Services Inc. recently held its grand opening of its facility in Port Arthur to better serve customers in the Golden Triangle. Founded in 2006, Shelton is an environmental and industrial services firm focused on emergency spill response (OSRO), bulk liquid storage tank cleaning, and mobile degassing and vapor control.

The company's investment in Port Arthur follows its longstanding work in the region. Shelton's staff and resources at 7440 Gulfway Dr. (Hwy 87) deepen its local emergency response and industrial cleaning capabilities. Headquartered in Crosby, Texas, Shelton maintains operations in Texas, Louisiana and Oklahoma, with project experience across the country.
